**Subject:** Annual Report of Mining Operations

Wayne:

In light of our meeting and subsequent activities to get our permit revision done, I neglected to file the annual report of mining operations with your office. I will finish that report Monday and get it in the mail to you. Sorry for being late with the report but it is being prepared.

We have started work on the maps and corrections to our permit revision and are making progress on getting them done within the time frame allotted.

Thanks for your and your staff's help.

Sincerely,

Ken George  
Quarry Coordinator  
Holnam Devil's Slide Quarry
